Our Mission:
 To empower women in agriculture to be successful through education, networks, and resources.

Why Annie's Project?

This six-week course is a discussion-based workshop bringing women together to learn from experts in production, financial management, human resources, marketing, and the legal field. There's plenty of time for question, sharing, reacting, and connecting with presenters and fellow participants.

It's a relaxed, fun and dynamic way to learn, grow, and meet other women in row cop and livestock enterprises.

"I took the class to gain a better understanding about agribusiness and how financial decisions impact our farm operations. I have a better understanding of balance sheets and the futures market... this class has improved communication with my spouse on concerns he works with on a daily basis." - Linda

Monday Evenings from 6:00 PM - 9:00 PM
 Lawrence County Extension Service, Walnut Ridge
